MOST OF THEM NEGROES.

Responsibility for Disaster Appears To Rest With Crew of the Fast Mail.

Kansas City, Mo., July 12,-Missouri Pacific fast mail No. 7, which left St. Louis at 3 o'clock this morning for Kansas City, crashed into an excursion train, No. 6, southbound from Kansas City, that had become stalled at "Dead Man's Curve," between Little Knoch and Lee Summit, at 10:25 this morning

Three persons were killed outright, two of them tramps, and 50 others were injured. With the exception of one or two of the crew on the fast mail, all the injured were on the excursion train. Most of them were Kansas City negroes. Eighteen were seriously hurt. The injuries of the others consisted of cuts and bruises. None of the passengers on the fast mail

The engine, the mail and the baggage cars on the fast mail went down an embankment, but the rest of that train remained upright, as did the excursion DEAD.

Mrs. I. N. Wells; hip hurt.

Responsibility for the wreck seems o rest with the crew of the fast mail, who failed to stop promptly when flagged. The engine on the excursion train, which consisted of 12 ceaches heavily loaded, broke down. A flagman was sent ahead to stop the fast mail, then about due. The engineer of the fast mail failed to see the foremost flagman and only slacked up when warned by the second man, who was within a short distance of the excursion train. The fast mail was running at a high rate of speed, and it was

unable to come to a full stop. When the fast mail struck it was making 15 miles an hour. The engine, the baggage car and the fore most mail car left the track and rolled down the embankment. The compact damaged the engine and baggage car of the excursion train, but the cars remained upright.

Most of the injured were in the baggage car on the excursion train. This car had been turned into a refreshment car ,and in that were about 50 mostly negroes, making The crash came without warning and they were tumbled into a shricking, groaning mass, crushed and otherwise maimed. The injured were cared for quickly and every attention was given. When the track was cleared the dead were taken to Lee Summit and the injured brought to the Missouri Pacific hospital at Kansas City. There it is stated tonight that all are expected to recover.

Strikebreaker Kitts Union Man.

Syracuse, N. Y., July 12.—An Italian atrike breaker at the foundry of L. C. Stearns & Co., this afternoon shot George Moore, a union molder employed elsewhere, but in sympathy with the strikers. Three men are under arrest for complicity in the shooting, Thomas Ross, Anthony Dettor, a sub-boss, and

Moore was fired upon in the street from the factory, and evidence obtained by the police points to Ross as the man who fired the shots. Ross, however, accused Perrulle. A number of Italians who were in the place at the time say that Dettor had given general orders to shoot on occasion at union pickets who walked the streets outside the factory. The shots were fired from behind a high picket fence. No im-mediate cause for the trouble was ap-parent, but during the long strike there have been threats that blood would be shed. Four rifles were taken from the factory by the police. The rifles are claimed to have been procured by the head of the company and the Italian boss is said to have told his men that they would be protected if they used

Broker and Coachman Quarret.

New York, July 13.-David Lamar broker and horseman, is having more trouble with his coachman, McMahon. The two came to blows some time ago there can be no doubt. The victim was over the coachman's actions while driving and Lamar met with rather severe handling. He had the coachman arrested. When the latter was on his way to court he was assaulted and badly beaten by three men. Then the fewer sheep in Wyoming during next winter than has been the case for sevoechman began getting out warrants eral winters past. The cause of this is that the lamb crop of this year has turned out to be unusually light; in for his former employer and has succeeded in having the latter placed under \$2,300 bonds to answer various charges including an allegation that Lamar hired men to commit the assault and was an accomplice with intent to kill. Mrs. McMahon also took a hand and charges Lamar with having driven her from his place with a crowbar.
